DOLLAR DINNER IS PROPOSED

The Seventh Precinct Starts A Fine Idea.

HARMONY COMMITTEE DOES GOOD WORK

ALL THE PRECINCTS ARE ASKED TO JOIN IN A BIG RATIFICATION MEETING AT THE YOUNG HOTEL.

The Harmony Committee presented a program in the Seventh Precinct of the Fifth District which went through without opposition worth mentioning. The Republicans of this precinct laid plans for a great Dollar Dinner at the Alexander Young Hotel, which will be a rallying ground and ratification occasion that will boom the campaign well along. At the precinct meeting last evening the following resolution introduced by T. McCants Stewart was adopted:

Whereas, the Republican party should celebrate in some special way the great record made by our delegates to the National Republican Convention, and should rally with enthusiasm the nomination of President Roosevelt for President, and Senator Fairbanks for Vice President of our common country; and

Whereas, a People's Ratification Banquet, at a price not exceeding one dollar per plate, tickets to be sold publicly in all the precincts, would afford an opportunity for a fitting expression of Republican enthusiasm; and

Whereas, said banquet would be timely, if held on the roof garden of the Alexander Young Hotel at such time when our National Committee man, A. G. M. Robertson, and our Governor Carter shall arrive in the city and joining our Delegate to Congress, Prince Kuhio; therefore,

Resolved, That the President of this Precinct Club appoint a committee of nine, himself included, to lay the matter of a ratification celebration before our Territorial Executive Committee with the request that they approve of the banquet plan, or take any steps they may deem best to give expression to Republican enthusiasm, and that they get a committee similar to ours from every precinct club.

H. C. Vida, T. McCants Stewart, Wm. Henry, Joseph Fern, K. R. G. Wallace, Jas. L. Holt, L. H. Sherwood, Wm. R. Sims, W. H. Hutchinson, Robertson for Chairman.

The following was also adopted: Resolved, That Hon. A. G. M. Robertson be and is hereby endorsed for chairman of the Territorial Central and Executive Committee, and this precinct hereby unanimously and

KIDWELL MAKES EXHIBITION IN THE SECOND

At the precinct meeting of the Second of the Fourth last night John Kidwell made an extraordinary exhibition of taste. J. H. Boyd, a member of the club, nominated Mr. Kidwell as a delegate. Mr. Kidwell was on his feet at once. He said he would not be nominated by a Stome Ruler, and declined. He had said before to Boyd that he (Boyd) had no business at the meeting. Boyd had replied that he was a member of the Precinct Club, having signed the roll.

When Kidwell declined the nomination, Mr. Boyd said that he considered he had been insulted; that the remarks of Mr. Kidwell were uncalled for and ungentlemanly. Boyd stated to the meeting that he was a Republican; that he had conformed to the party requirements in becoming a member of the club.

Mr. Kidwell arose to speak but was sat upon by Chairman W. W. Harris, who declared him out of order. When Kidwell persisted, the chairman sat down all the harder until he was quiet.

BASEBALL AT THE PARK.

The baseball game this afternoon between the Kama and the Punahou will not be settled until it is played. The coming of Castle as pitcher will greatly add to the strength of the Punahou and the wise ones say that the day is due for another Kam defeat.

The Elk-Malle game will be one of the warmest of the season. ***** earnestly requests him to accept said position so that the party may have the benefit of his experience and judgment in the coming campaign as well as in the general conduct of party affairs.

Demand Renewed.

Ell J. Crawford offered the following which was adopted:

Resolved, That we hereby renew our demand for county government, and instruct our delegates to put in the platform of the Territorial Convention a plank pledging the party to it.

Secretary B. R. Zablan read the following report prepared by the Harmony Committee, which was adopted:

Gentlemen:—We, the undersigned, your committee, unanimously appointed at a meeting of this Club held on the 24th day of June, 1904, to report nominations for members of the District Committee and delegates to the Territorial Convention, and to consider the matter of dividing the precinct, beg leave to report, as follows:

First—Your committee held a harmonious session at the time and place fixed in the resolution of appointment, and with the view of promoting harmony and unity in the precinct, so as to stand together for the good of all the people, we unanimously decided upon the following nominations; and we recommend that nominations close and that the names of the persons below set forth be the nominations of this meeting for members of the District Committee and delegates to the Territorial Convention, to be voted for at the primary to be held on the first

WAIPAHU MANAGER DISCUSSES STRIKE

Plantation Will Pay Off Part of the Japanese Laborers.

STRIKERS ARE MAKING IMPOSSIBLE DEMANDS

LARGE FORCE OF POLICE IS NOW AT WAIPAHU—JAPANESE OBJECT TO THEIR PRESENCE.

The strike on the Oahu plantation still continues. Yesterday afternoon Deputy Sheriff Chillingworth with ten men joined Lieutenant Leslie and his forces, so that there are now thirty officers at Waipahu. This additional reinforcement was sent in compliance with a request from the management, which feared that the strikers were thinking of creating serious trouble.

The speeches made by Japanese Consul Saito yesterday afternoon were hissed by the laborers, who are in a very defiant mood. Chillingworth stated this morning over the telephone that the strikers were quiet. The police had not had any trouble with them. The strikers were, however, objecting seriously to the presence of the police. Chillingworth said that the strikers had made all sorts of demands. As a matter of fact, they did not know what they wanted. It was impossible to say when the strike would terminate. If nothing happens to prevent it the Deputy Sheriff will return to the city this evening.

Manager Ahrens of Oahu plantation came to town this morning to consult with H. Hackfeld & Co., the agents of the plantation. He stated to a Bulletin reporter this forenoon that the strike was still on and that it was impossible to tell when it would end. "The Japanese really do not know what they want," said Manager Ahrens. "So it is practically impossible to deal with them. Their principal demand was that Suyehira, the team luna, shall be discharged. I met them half-way by offering to transfer the luna to take charge of a gang of Koreans. They would not accept that and I am not going to discharge the man."

"As far as their demands for water pipe, etc., are concerned they do not have to make any demands of that kind. The plantation always furnishes their quarters with water pipe wherever it is necessary. This is done without any request being made, for it is simply to keep the men in a good physical condition."

"If these men had made any real and reasonable demands I would grant them. I have had no sleep for three nights and do certainly not enjoy the strike. If this thing keeps up there is only one thing to do and that is to pay every one of them off and let them leave the plantation."

Deputy Sheriff Chillingworth telephoned to High Sheriff Brown early this afternoon that the plantation management had decided to discharge and pay off some of the striking laborers. This is to be done this afternoon.

MAY MEAN OUTBREAK OF VOLCANO EXHIBITION

Hilo, July 21.—Last Sunday at 2 p. m. quite a seismic visitation came to Hilo and vicinity, awakening the good inhabitants from their afternoon siestas, and tumbling pictures and bric-a-brac about in a heedless manner. The quaking was slow and steady, vibrating about 33 seconds, with a period in the middle of about 5 seconds of real, genuine jolting. Houses and trees could be seen awaying to and fro, and considerable damage was done to crockery, glass, etc. The shake was felt at the Volcano House, which was rather unusual, as most earthquakes that strike Hilo are merely felt at the Volcano. Evidently the shock caused several cracks in the wall of the crater, for during the night there were cave-ins on the east and south sides of the pit. Walls heretofore of an angle of fifty degrees or 60 degrees are now perpendicular. The lava flow and cones are covered with about 50 or 60 feet of debris. The hot cracks are much hotter, and the crater itself is perfectly clear, no steam or sulphur fumes escaping at all. If this lack of smoke continues there is apt to be an explosion and outbreak shortly, according to the kamaianas who profess to know.

JUDGMENT VACATED IN CONTRACT SUIT

Order vacating and setting aside judgment and setting aside submission of cause as to J. H. Fisher, garnishee, and continuing the cause, was signed this morning by Judge Robinson in the assumpt suit of H. T. James, assignee, plaintiff, against Victor Hoffman and John F. Riley, defendants, and Fisher, garnishee.

This action came on for trial on May 25, 1904, without a jury. H. G. Middle-ditch appeared for plaintiff, the others not appearing.

The court ordered judgment for plaintiff for the sum of \$1012.35 with attorneys' fees and costs.

On May 28th, on motion of Fisher, garnishee, the court vacated and set aside judgment as to Fisher and by consent of counsel set examination of Fisher for Tuesday, May 31st. On the 31st he was examined, it appearing that there remained unpaid on account of a certain builder's contract between Fisher and defendants, the sum of \$1754.04; that Hoffman & Riley commenced suit to foreclose mechanic's lien and to recover of Fisher the balance claimed to be due and unpaid from Fisher to Hoffman & Riley on account of the price in the contract agreed to be paid upon the completion of the building; that Fisher denied generally all allegations and claimed damages against Hoffman & Riley in the sum of \$5000 for failure to perform the contract in the manner specified.

Now the court orders that the judgment entered on May 25th be vacated and that the submission of the action as to Fisher, garnishee, be set aside and that the action be continued until September.

Attorney-General Reports To Governor

Attorney General Andrews this morning delivered to the Acting Governor the report of work in his department for the past year, from which Mr. Atkinson will draw information to be embodied in his report to the Secretary of the Interior. Andrews also presented the Acting Governor with a lengthy technical opinion relating to the status of the Pacific Hardware & Steel Company in this Territory. This is the corporation against which the Territory is bringing suit, alleging violation of Treasury regulations, elsewhere reported.

Andrews' departmental report goes in detail into the criminal work accomplished in the last year. While considerable success is shown in more or less minor prosecutions, the heavier cases, many of them, loom up as lost to the Territory. The civil record shows a high percentage of success and the report, as a whole, records a great deal of work.
